## **Reasons for Allowance**

Claims 1-4, 6-7, 9 and 11-18 have been cancelled.

This is examiner's statement of reasons for allowance.

The instant invention recites an image reading apparatus for reading lines to be read on a surface of an original document in a sub-scanning direction and outputting image signals obtained by reading said lines to be read, comprising:

a reading unit having light sensing devices that are able to simultaneously read M (said M is a natural number being not less than two) pieces of lines to be read which are said lines to be read existing on said surface of said original document and which are different lines in said sub-scanning direction, each existing apart by N (said N is a natural number being not less than two) pieces of lines in said sub-scanning direction;

a moving unit to move one of said original document and said reading unit, every time said lines are simultaneously read, by L (said L is a natural numbers) pieces of said lines to be read, in said sub-scanning direction; and

an image signal outputting unit to output image signals of said lines to be read which have been read by said reading unit in order of reading in said sub-scanning direction; and

wherein values of said M, said N, and said L are set to values at which lines on said surface of said original document are able to be read without omission of reading lines when simultaneous and sequential reading operations are performed from a first line to be read to a last line to be read on said surface of said original document; and

wherein values of said M, said N, and said L are set so that  $M \geq 2$ ,  $N \geq 1 + M$ , and  $L = N - 1$ .

The features identified, in combination with other claim limitations, are neither suggested nor discussed by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
